County Convention, Rockingham County

Dated February 5, 1963

Public Hearing	Feb. 7, 1963
State House	Room 119
Concord, N. H.	12:00 (after adjournment)

The Rockingham County Delegation met in Room 119 at the close of the session of the House for the purpose of holding a public hearing on HB 13, an act relative to the salary of the Treasurer of Rockingham County. The Clerk read the bill.

The Clerk called the roll. Fifty-one answered and a quorum was declared to be present.

Mr. Purington, a sponsor, spoke in favor of the bill and quoted figures to substantiate his statements regarding the increase in volume of business in the past seven years and the increase in the amount of time which the treasurer is required to work. At his present salary he receives approximately one dollar per hour for his time.

Mr. Eastman as co-sponsor of the bill also spoke in favor. Others speaking in favor were: Mr. Murch, Mr. Casassa, Mr. Shepard.

Mr. Merrill from Hampton Falls spoke in opposition and six others were recorded as being opposed.

On motion made by Mrs. Greene, duly seconded by Mr. Sewall, and passed, the delegation went into executive session. Mrs. Griffin moved that the bill be reported as "Ought to Pass". This was seconded by Mr. Gay and a voice vote was in the affirmative.

Motion was made by Mr. Collishaw, seconded and duly passed that the Rockingham County Delegation approve the appointments to the Executive Committee as appointed by the Chairman and printed in the House of Representatives Journal January 15, 1963.

Mr. Murch moved that the Rockingham County Delegation accept the Rules of the House as printed in the Manual. Mr. Collishaw seconded this motion and it was voted in the affirmative.

Mr. Purinton made the motion which was seconded by Mr. Murch that Mrs. Palmer's appointment as Legislative Representative to the Rockingham County Extension Service Advisory Council be approved. The vote was affirmative.

Mr. Osborn announced a meeting of the Executive Committee after the public hearing on the budget to-night. Mr. Collishaw suggested that a deputy County Treasurer be appointed by the Executive Board, approved by the Treasurer, at a salary not to exceed \$100. and that such a recommendation should be made at the budget hearing. Mr. Shepard took exception to this suggestion stating that in his opinion, the appointment of a deputy Treasurer would require action by the Superior Court. Meeting adjourned 12:45.

County Farm
Brentwood, N. H.

With proper notification, the Executive Committee of the Rockingham County delegation met on February 18, 1963 at the County Home in Brentwood, N. H. to consider the proposed budget for 1963.

The various items of the budget were discussed. The County Commissioners and Mrs. Gladys McCoy were present and as their various budgets were considered, Mr. Nay, Mr. Sampson, and Mr. and Mrs. Hilton came to the meeting and answered questions.

At noon the Committee recessed for lunch and reconvened at 1:15 P.M. at which time Mr. Edward Upham, the County Agricultural Agent and Mr. Herman Hauschel, Chairman of the Finance Committee of the Extension Service Council, presented the budget of the Extension Service. This occasioned quite a detailed discussion of their program.

In executive session, each item of the budget was moved, seconded and duly passed with no changes in the figures which had been recommended by the County Commissioners. On motion by Mr. Langford, seconded by Mr. Casassa, it was voted that the sum of \$1,156,569.06 be raised and appropriated by the convention, crediting against this the estimated revenue and surplus of \$505,885.59 and committing the amount of \$650,683.47 to be raised by county tax.

Commissioner Bartlett commented on the friendly relationship which exists in Rockingham County between the Commissioners and the members of the Executive Committee.

Mr. Osborn led an informal discussion of the condition of the County Buildings especially the Exeter Court House.

The meeting adjourned at 3:40 P.M.

Answering the call were: Barker, Canty, Carter, Chandler, Cheney, Clark, Collishaw, Casassa, Coussoule, Cummings, Dame, Eastman, Felch, Frink, Gay, Grant, Greene, Griffin, Hackett, Keefe, Kimball, Langford, Legasse, McDonough, Merrill, Morrill, Morrison, Nickerson, Osborn, Palmer of Kensington, Palmer of Plaistow, Pinkham, Persson, Ring, Schwaner, Scott, Sewall, Shepard, Shindledecker, Spollett, Stafford, Twardus, Underwood, Vey, Watts, Weeks, Wheeler, White of Atkinson, White of Derry, White of Portsmouth and Wylie. Robinson of So. Hampton, Hislop.

Prayer was offered by the Rev. Mr. Wylie and the salute to the flag was led by Mr. Chandler. Mr. Osborn then turned the meeting over to Mr. Shepard as chairman of the Finance Committee.

Each item of the expenditures and estimated revenue was considered and accepted. Mr. Stafford moved to amend the budget to appropriate the sum of \$1,000. for the use of the County Commissioners for the purpose of obtaining the services of an architect and the drawing of plans for a new County Building. This was seconded by Mr. Ring and voted in the affirmative. This action was questioned by Mr. Ring and then on motion duly made by Mr. Morrill and seconded by Mr. Ring it was voted to reconsider the budget figure. Mr. Stafford made the motion, seconded by Mr. Nickerson, that the whole budget as amended be adopted. It was voted in the affirmative that the sum of \$1,157,569.06 be raised and appropriated by the convention, crediting against this

the estimated revenue and surplus of \$505,885.59 and committing the amount of \$651,683.47 to be raised by county tax. The financial part of the meeting was recessed at 11:05, the whole budget having been considered and adopted in the record time of 45 minutes. Mr. Shepard then turned the meeting back to Mr. Osborn.

Mr. Eastman presented a resolution in favor of James Purington who is ill in a Boston hospital. It was unanimously adopted. Mr. Gay complimented the Hiltons and the County Commissioners for making such a good budget and requested a rising vote of appreciation. This was given.

Mr. Morrill presented the following motion: "I move that the Chairman of the County Delegation appoint a committee of five members from the Delegation to act as an advisory committee to work with the County Commissioners in the drawing up of plans, acquiring the land, submitting the construction of the new County Building to bid, in disposing of the existing County Buildings, and for all other purposes in connection with the construction of a new County Building." This motion was seconded by Mr. Stafford and a positive voice vote was taken. Mr. Collishaw commented that he felt this was a premature motion because it preceded the committee report. This report was then presented as follows:

February 15, 1963

Report of the Building Committee

At the Rockingham County Convention on February 26, 1962, on a motion made by Mrs. Mildred Palmer and seconded by Raimond Bowles, it was voted that the Building Committee of 1961 consisting of Clayton E. Osborn, Portsmouth, Chairman, Hayford Kimball, Derry and Lyman Collishaw, Exeter, be continued in office and that a study of available space in the three existing

County Buildings, plus consideration of a new County Building, in 1962.

During the year six meetings were held including one at which two Superior Court Judges were present, Judge Keller and Judge Grimes.

Much time was spent in evaluating the present buildings and working with the architect, Edwin Miles. Several sets of plans were drawn relative to remodeling Exeter Court House. Also, he employed an acoustical engineer from the firm of Bolt, Beranek and Newman of Cambridge to study the installation of new ceilings in the two Court Houses. He recommended the figure of \$12,000.00 for the complete ceiling job. At a later meeting Mr. Miles had more information on installation of ceilings. Breakdown of figures; Portsmouth Court House — \$7,352.00 and Exeter Court House — \$8,139.00. He also had a cheaper acoustical ceiling and lights for Portsmouth Court House at \$3,726.00 but Mr. Miles stated that such installation could not be guaranteed and might not correct the acoustical difficulties at Portsmouth Court House.

The price of the remodelling at Exeter Court House has increased from original figure of \$125,000.00 to a figure of \$167,000.00, plus fees, which in the opinion of the committee does not fully correct the situation in the Exeter Court House. They are of the opinion and it is also the opinion of the Architect that a figure not less than \$250,000.00 would be needed to remodel the two buildings in Exeter to meet present needs. This remodeling would in no way correct the parking situation which is serious at both the Exeter and Portsmouth Court Houses.

The Committee studied to great length the report of the previous committee of which Winter Eastman of Exeter was chairman — the findings of which are on file in the Exeter Office.

Based on the meetings that were held and the evaluation of the buildings that was done, it is the opinion of this committee that, although at the beginning this Committee was of the opinion that the County could not afford a new Court House, after careful consideration and many on sight inspections of all buildings, they are now of the opinion that any remodeling of the existing buildings is a complete waste of money and that a new County Building should be constructed in the vicinity of the County Seat of Exeter at a cost not to exceed \$1,000,000.00, providing that the present entire fee system should be revamped and these fees should be brought up to a realistic figure of the year 1963. The increased fees should be retained by the County to help defray the cost of the new building. This building is to be of an expansible nature and that a committee should be appointed to work with the County Commissioners to expedite the construction of such a building.

It is also the opinion of this Committee that some study should be made of methods of speeding up Court Cases in the Superior Court so that a better form of justice can be given to those who have cases pending now for a period of many years.

Respectfully submitted,

Clayton E. Osborn, Chairman

Hayford T. Kimball

Lyman E. Collishaw

Building Committee of the

Rockingham County Convention

Mr. Ring moved that the Rockingham County Delegation approve the construction of a new County Building to be located in or near Exeter contingent upon the increase of fees. This motion was seconded by Miss

Spollett. Action taken on Mr. Ring's motion showed no one voting in favor and one in opposition.

Mr. Osborn then presented Attorney Robert Shaines representing the Bar Association, who in turn introduced Mr. Wyman Boynton and Mr. Lindsey Brigham. These men spoke briefly of the real need for a new County Building and expressed thanks for being able to appear before the Convention.

Discussion ensued regarding the possible increase in revenue derived by an increase in fees.

Mr. Keefe moved that we recommend the building of a new County Building. This was duly seconded and a voice was unanimous with no opposition.

The meeting adjourned at 12:30 P.M. for dinner. Before we left the meeting room, upon invitation of Mr. Fuller, Mr. and Mrs. Hilton were invited in. Mr. Fuller introduced Mr. Foss who was on the Board of County Commissioners when the Hiltons were first hired. Mr. Frink, a member of the Delegation and also a former Commissioner was introduced. A plaque was presented to the Hiltons by Mr. Brown in appreciation of their work in the past twenty-five years as Superintendent and Matron of the County Home and Hospital.

The Delegation reconvened after dinner but there being no further business the meeting adjourned at 1:48 P.M.

Edna B. Weeks, Clerk

tion carried. There were two voting in opposition and a majority in favor. On motion made by Mr. Stafford and seconded by Mr. Morrison, it was voted that the bill be reported as "Ought to Pass as Amended".

On House Bill 353, an act relative to the salary of the Rockingham county commissioners, the motion was made by Mr. Wheeler and seconded by Mr. Stickney to strike the \$4,000. and insert in place thereof \$3,000. as the annual salary of each commissioner. Mr. McEachern spoke against this amendment. Mr. Gay spoke in favor. Mr. Herbert suggested a type of escalator clause might be written into the bill. Mr. Shepard spoke in opposition. On voice vote, the second amendment was lost.

Mr. Murch made a motion which was duly seconded, that the annual salary be set at \$8,500. and the effective date be Jan. 1, 1965.

A roll call vote on this amendment disclosed that there was not a quorum present so no executive action could be taken at this meeting.

However it was agreed that the following amendments should be presented at the next executive session of the delegation: "Amend Section 1 of said bill by striking out the paragraph numbered 478:19 and inserting in place thereof the following: 478:19 Salary. The register of deeds for Rockingham county shall receive an annual salary of \$8,500. paid by the county of Rockingham. Said register shall devote his entire working time to the performance of his duties as such register. Further amend said bill by striking out the paragraph numbered 478:21 and inserting in place thereof the following: 478:21 Assistants. The county commissioners shall be authorized to employ such assistants as may be required and to fix their compensation.

"Further amend the bill by striking out part 2 and inserting in place thereof the following: 2 Takes Effect. This act shall take effect as of January 1, 1965."

Since no one appeared to speak in favor of H. B. 490 an act relative to renumbering the Rockingham county commissioner districts, except its sponsor; and since a quorum was not present, Mr. Wheeler moved that further consideration be taken at a future date. This motion duly carried and the meeting was adjourned.

It was unanimously voted by the Building Com-

Witmer Associates of Portsmouth should be consulted for our architect. It was also voted that the grading, purchase of land, purchase of furniture, and the landscaping will be done by the building Comm. and the County Commissioners. Mr. Collishaw suggested and the Committee all agreed and the Commissioners all agreed to purchase a new photostat machine immediately and this will be considered new furniture for the new building and the cost of this machine should be deducted from the \$1,000,000. Upon the advice of Lawrence Guptill, County Attorney, it was his determination that prices should be obtained on at least two machines for comparison of price for future use.

COUNTY COMMISSIONERS' REPORT

To the Citizens of Rockingham County:

In accordance with the Public Laws of the State of New Hampshire, your County Commissioners submit the Annual Reports of the Rockingham County Officials.

Rockingham County continues to be the fastest growing County in the State of New Hampshire and with this growth we are still able to report that it is the best County in the State of New Hampshire. The population increase that Rockingham County is experiencing means an increased cost to all types of Government and with this increased cost more efficient methods must be employed. We are constantly improving our purchase methods in order that the cost of this Government may be kept at a minimum. The best way for any taxpayer to see what he is getting for his tax dollar is to make a special trip to the County Home in Brentwood; to visit the County Buildings in Portsmouth and Exeter, then ask questions of those who know.

We are proud of our Government. We are proud of Rockingham County and we want all of the Rockingham County Taxpayers to feel the same way.

We wish to express our sincere appreciation to all of our staff of employees, County Delegation and the various Town Officials, without whose full cooperation, we would not be able to function as an efficient unit.

SHERIFF'S REPORT

To the Honorable Board of
Commissioners of Rockingham County

Gentlemen:

I hereby submit my report for the year of 1963:

Although the number of criminal cases continues to increase proportionate to the increase in population of the County, the cost of expensive jury trials has been kept to a minimum by the majority of those apprehended waiving Grand Jury and being quickly brought before the Court for sentencing.

The availability of the Department throughout the twenty-four hours, plus the efficiency of our radio coverage, have resulted in constant and immediate service to the people of the County without increased cost.

May I at this time express my appreciation to the County Attorney and all law enforcement agencies for their continued cooperation and assistance in our efforts to best serve the people.

Respectfully submitted,

GEORGE SAMPSON, Sheriff

ROCKINGHAM COUNTY ATTORNEY'S REPORT**1963**

In 1963 Rockingham County witnessed a murder trial, the first in years. In connection with this case, it is particularly notable that two woman jurors sat on the panel of twelve. This is the only time in the history of Rockingham County that a woman juror has been empanelled on a first degree murder trial. Although this has not been researched, it was probably a first in the State of New Hampshire.

Criminal activity continued to increase in the County. Youthful offenders averaging 19 or 20 were responsible for most of the serious crimes, such as breaking and entering and larceny.

On January 8, 1964 the Grand Jury returned twenty-three indictments at Portsmouth, New Hampshire, for crimes committed in 1963, ranging from armed robbery, which carries a maximum penalty of thirty years in jail, to possessing a gun with a felony record, which carries a maximum jail sentence of two years. This jury handled its' work intelligently and expeditiously.

It was surprising to have so many cases to handle, since the Superior Court had been in session from September to December, 1963, and defendants were brought in on Waivers of Grand Jury all through the September Term.

The jurors receive small remuneration for their time, and all should be reminded what an important service is done for the citizens by the jurors.

County Attorney

**1963 REPORT OF THE
ROCKINGHAM COUNTY COOPERATIVE
EXTENSION SERVICE**

The Cooperative Extension Service was organized under public funds as an informal educational program offering a wide variety of educational material. Our program is designed to help people help themselves. Extension is commonly referred to as the "off-campus" educational arm of the Land Grant University. As the name implies, this is a unique cooperative arrangement between the United States Department of Agriculture, the University of New Hampshire and County Government.

Local Extension agents are classed as staff members of the University of New Hampshire. Each is a qualified experienced college graduate who is further supported in many fields by University specialists.

Areas covered by the Extension Service fall into four major categories: Agriculture, Home Economics, 4-H Club Work and Forestry. Programs sponsored are many and varied including agriculture production and marketing, natural resources development, management, family living, youth, community and public affairs.

Any person residing in the county may avail himself to the benefits of the Cooperative Extension Service simply by asking at 61 Water Street, Exeter, N. H.

The governing body is composed of county residents, three persons representing each phase of Extension work and one person selected by and to represent the County Convention. These 13 council members meet on the second Monday of each month with the Agents to assist in directing the course of Extension work in the county. They are as follows:

Agriculture:

Richard G. Kelley, East Kingston

William Lievens, Derry

Russell Waterman, Epping

4-H Club Work:

Mrs. Mary Dupre, Exeter

Richard Sanborn, Epping

Mrs. Regina Weber, Plaistow

Home Economics:

Mrs. Helen Johnson, Northwood

Mrs. Stella McEachern, Hampton Falls

Mrs. Edna B. Weeks, Greenland

Forestry:

Frederick Fernald, Nottingham

James A. Garland, Raymond

George Wright, Exeter

Mrs. Mildred Palmer, Plaistow, County Convention

As the Agents' Annual Reports are available at the office, we are presenting the type of work done in each department as indicated by the following resume.

RICHARD G. KELLEY, Chairman,
Rockingham County Cooperative
Extension Service Council

AGRICULTURE

The overall agricultural situation has not changed to any appreciable extent during the past year. The rash of small farms discontinuing farming has slowed and those remaining are likely to remain for the next few years. We are very much aware of the pressure created by the steady rise in population and its impact upon agriculture. We now have approximately 475 commercial type farms in the county. While the numbers of farms are decreasing, production is increasing and more farm products are available than 20 years ago when there were more than 2,000 farms in the county.

The average farm today has an investment of \$50,-

000 to over \$100,000 in land, buildings, animals and equipment. This is big business, especially when some farmers are handling over \$300,000 per year. One result of the change in agriculture is that the agricultural agents are concentrating more time in the areas of management and record keeping.

During the past few years a rapid increase in the number of light horses has been apparent. As a result of research by the agricultural agents a light horse advisory council of local people has been formed who have helped develop a program for Rockingham County. The first of a series of schools is to be held in January.

A survey of poultrymen jobbing eggs in Rockingham County was completed this past year. The basic information, evaluations, and recommendations were made available to all interested in the county as well as other Cooperative Extension Service offices in the state. The survey was undertaken to gather information on this specific phase of marketing poultry products and to assist others who might consider this phase of marketing.

Extension information in fields allied to agriculture are being dispensed through eighteen libraries and two local radio stations. Use of these facilities is expected to increase as people become aware of the information and educational benefits thus available.

During the past year the agricultural agents contacted 726 persons on farms, distributed 7,143 agricultural bulletins, mailed 12,776 letters, held 77 meetings with 3,815 persons in attendance, had 470 personal visits in the office, answered 944 telephone calls, wrote 18 news releases and made 24 radio tapes.

HOME ECONOMICS EXTENSION WORK

In 1963 Home Economics Extension Work cooperated with 36 community groups, meeting on a monthly basis, and 67 non-Extension organizations requesting the work. There were 14 training schools with 415 volunteer leaders receiving training in subject matter. Extension Home Economists and U.N.H. Specialists presented educational information at 281 other Extension meetings with 5,795 present. The trained local leaders conducted 363 community meetings with 4450 participating. Statistical evidence of county homemakers' interests in continuing their education to better serve their families and communities may be found in 1963 attendance figures which totaled 10,640, a new high.

Individual contacts via telephone, office calls, home visits and individual letters decreased slightly over 1962, while group contacts increased. Varied educational methods were used as circular letters, demonstrations, subject matter discussions, tours, exhibits, conferences and mass media by newspaper, radio and television. Twelve libraries were contacted and displayed Extension bulletins of interest to their clients. The use of qualified guest speakers on special topics of concern to homemakers was encouraged and increased this year.

Series workshops of four or five days' duration were held by districts as in previous years to offer county homemakers concentrated subject matter teaching where requested. Extension organized and the League of N. H. Arts and Crafts taught handicraft classes in 1963 on the topics of crewel work, rug braiding, wood carving and textile stenciling.

The Home Economics Extension Advisory Council

met regularly with the Extension Home Economists to plan the program. County representation at state events was maintained. The Advisory Council and monthly groups also gave two county home economics students tuition scholarships at U.N.H. under the Williamson-Babb Scholarship, a voluntary project. The girls were Nancy Beane of Rye and Ruth Ann Sanborn of Deerfield. Many Home Economics groups also contributed to the N. H. International Farm Youth Exchange program as a gesture toward trying to increase international understanding.

Rockingham County Home Economic Extension clients evidence interest and desire to further their education in view of changing conditions at home, in the market place, and in the world. It's a challenge to work with them in Home Economics Extension Work in Rockingham County.

4-H CLUB WORK

YOUTH EXTENSION

1963 has been the best year yet in the 4-H program in Rockingham County.

There are 4-H Clubs in all 37 towns of the County. There are 174 clubs with 2,132 members. This is one fourth of the State 4-H enrollment of 8,000. We have 306 volunteer Adult Leaders and 260 Junior Leaders. These leaders help the members plan and carry out the Club Program. The Clubs have a President, Vice-

President, Secretary, Treasurer and Reporter. Members learn to conduct meetings according to good parliamentary procedure. Each club does some Heart or community service activity such as giving baskets or favors to shut-ins. Clubs collected nearly \$1,000 for the Crotched Mountain crippled children.

The Health H is carried out by outdoor hikes, skating and sliding, and outdoor games whenever possible. As most club members ride to and from school by bus, youth needs more exercise out of doors, so the 4-H Health program stresses outdoor exercise rather than just talking about good health.

Every 4-H member conducts one or more 4-H projects. Each project has several divisions graded to the age and skill of the member. There are 41 projects to choose from. Enrollment by projects —

Food Preparation — 811 Boys & Girls — learned to plan and prepare meals including the Basic 4 Foods.

Clothing — 783 — girls made over 1,610 garments.

Craft — 783.

Gardens — 284.

Conservation & Forestry — 155.

Poultry — 62 Boys and Girls.

Dairy Animals — 80.

Beef — 15.

Sheep — 69.

Horses — 75.

Engineering Projects — Automotive, Electricity,
Shop & Tractor — 223.

Canning & Freezing — 75.

Other projects included Safety, Photography, Child Care, Home Improvement and Science. Science was a new project introduced via U.N.H. TV.

4-H Camp — Bear Hill & Spruce Pond — 443 attended.

Citizenship trips to Washington, D. C. — 10.

Trips to Museums of Science and Harvard, Plymouth, Mass. and Cape Cod, Navy Yard and many places of interest in Rockingham County — 880.

The aim of 4-H Club Work is to develop useful citizens through projects and activities.

FORESTRY

Forests occupy 74% of the land area in Rockingham County or 327,200 acres. All but 2% of this woodland is owned by private individuals. The County Forester's program is designed to assist the more than 5,000 persons who own forest land in Rockingham County.

Since July of 1963, the County Forester and his part-time Assistant have answered a total of 363 individual requests for forest management advice. These requests involved 14,432 acres of woodland. Information requested covered all phases of forest management to include: tree planting, weeding, thinning, pruning, site preparation for planting, recreation management, marking timber for harvest cuttings, regeneration cut-

tings, and improvement cuttings, and marketing forest products.

The County Forester is responsible for giving technical assistance to woodland owners that are having timber stand improvement work done under the Agricultural Conservation Program. To date, 628 acres of weeding and thinning, 115 acres of pruning, and fifty acres of plantation have been inspected and approved. We expect to continue to place considerable emphasis on cultural improvements in immature stands of timber.

More than 43 landowners with specific shade tree problems contacted the County Forester. When insects or diseases causing the problem could not be immediately identified, samples were forwarded to the state entomologist or pathologist for identification and control recommendations. The number of requests involving shade tree problems increases annually.

Radio tapes, tours, demonstrations, news articles, and displays were methods used to reach a larger segment of the public with forest management information.

In closing our report, we wish to extend to the members of the staff recognition of the fine work which has been done in all departments. It is only through the cooperative efforts of all that the institution can attain the goal of efficiency of operation, and the best of care and comfort for the patients.

As usual we owe a great debt to individuals, groups, clubs, churchès and organizations for their many contributions throughout the year to the happiness and welfare of our patients. We are expecially grateful to the citizens of Rockingham County for their interest in their County Home.

Our sincere appreciation goes out to all agencies, town, county, and state who have so wholeheartedly assisted whenever called upon to do so.

Without the support and guidance of the Board of County Commissioners our task would be a most difficult one. For their dedication to the institution we are more than grateful to the Board.

Respectfully submitted,

DOROTHY F. HILTON,

Matron

GEORGE W. HILTON,

Superintendent

CHAPLAIN'S REPORT

To the Honorable Board of
Commissioners of Rockingham County :

As Protestant Chaplain, it has been my practice to try to make the rounds of the Home and Hospital at least once a week, except for such time as I had to be away. In some cases I made up for this by added visits between times. Every first and third Sundays of the month I have held services at the Home. My wife has usually been my pianist for the services. I wish here to thank Earl Magoon, Albert Wright, and George Rogers for substituting for me during absences. In addition to being a substitute, Mr. Rogers has brought a group of singers who have helped very much in the services, and then have sung in the Home afterwards. I wish to thank Mrs. Gleason of the Home for playing the piano when needed.

I have made frequent calls at the jail, though these have not been made as regularly as those at the Home. It has seemed almost impossible to hold services in the jail. The prisoners are busy elsewhere during the afternoon on Sundays when such a service might be held, or such services might have invaded the privacy of those of other faiths. For that reason I have made personal contacts with the prisoners when all have leisure, chiefly in the evening, and this has seemed to help very much. It may be that during the year we may find some way to have an occasional service for any who wish it. The chaplain has had some conversation about this with the assistant jailer.

There may still be places where the chaplain can improve his work at the Home. Time may seem to

make all he would like to do impossible, but he is open to suggestions.

Faithfully submitted,

Rev. Louis E. Watson
Protestant Chaplain

CHAPLAIN'S REPORT

To the Honorable Board of
Commissioners of Rockingham County:

It has been my duty to visit the Rockingham County Home and Hospital during the past year. As the Catholic Chaplain, I tendered to the spiritual needs of the sick, the aged, and the residents of both the Home and Hospital, and on occasion, to the inmates of the County jail. The Sacraments of the Catholic Church were given to all who needed them and wanted them throughout the year.

May I thank all the members of the staff for making my task a pleasant one.

Sincerely yours,

Reverend Armand Provost
Catholic Chaplain

MEDICAL DIRECTOR'S REPORT

To the Honorable Board of
County Commissioners:

Gentlemen:

The County Home and Hospital has had an increasingly busy year. We have had a total capacity of patients. The number of bed patients has steadily increased in the past year. The census of the Fernald area is predominantly of this type, leaving the Mitchell area for the acutely ill and totally dependent patients. This calls for more medical coverage as well as greater demand for intensive nursing care.

The increasing demand for care has necessitated a change in medical staffing. Dr. Lee tendered his resignation as first assistant due to pressure of private practice. Dr. Herman Sander joined the medical staff as first assistant and Dr. Lee has consented to be the third staff member.

We are continuing our policy of prophylactic treatment to both patients and staff for influenza. Medical coverage also includes physical examination of all inmates of the House of Correction and Jail and complete medical coverage of this area of which there is constant demand.

I wish to take this opportunity to express my appreciation of all that was done for me during my extended illness. The understanding and support of the Commissioners and Mr. Hilton and particularly the cooperation of Dr. Lee who assumed the medical responsibility in my absence.

John W. Blaisdell, M. D.
Medical Director
